ORGANIZATIONAL RELATIONSHIPS

Reports to: Deputy Fire Warden
MOCOM Coordinator

Revised 07.12.2021

WORKING CONDITIONS:

For the most part you will be working in a controlled atmosphere but will encounter inclement weather such as rain and snow and will have to work in that weather to meet the mission. There will be times that you might have to drive slick or hazardous road conditions. There is a risk of exposure to harsh environmental conditions, including wildland fires, police activity, hot dry weather and potentially long hours without a break.
